

All-Glass Façade Visual Harmonization Utilizing Vitro® Architectural Glass and OPACI-COAT-300®

If vision configuration cannot be found below, contact ICD directly to discover spandrel color number and name.

- Step 1:** Find your vision insulating glass unit (IGU) configuration below – all glass shown is 1/4" (6mm) thick
Step 2: Repeat the vision glass IGU configuration for the spandrel glass IGU configuration
Step 3: Identify OPACI-COAT-300® spandrel number and color name
Step 4: Request free vision and spandrel coated glass samples for in-person review
Step 5: When samples are approved, add OPACI-COAT-300® spandrel number and color name to specification
